

Private & not be sent to James

October 31 - '60

My dear Harriet,

Please to give the within letter its proper direction.

I shall send James' letter to W. Stanton. I presume he will at once send you a copy of his opinion. He would have sent it at once; but for your statement that a special law existed limiting your responsibility. He is entirely opposed to your becoming a member of the Corporation; but I really have taken & wish to take no part in the matter, except to say that you ought to be guided by the advice of the clearest headed & most painstaking lawyer in the county.

Yours affectionately

J. Buchanan
