

Oxford Ch Parsonage, Phila, Feb. 21 '70

My Dear Sir,

Mr James Weaver has just come out to the Parsonage, with an urgent request that we should advance him, One Hundred Dollars out of the Estate Funds. I have told him, that it had been concluded not to begin again the plan of making advances. But, as he represents himself to be very much in need of the above amount, having just lost his situation, I have concluded to write you, to say that I should be pleased if you could accommodate him. He tells me, that he will make no further applications for money until our next settlement.

This morning Mr Wilson's letter came to hand in reference to Miss Jessie's Guardianship account. I suppose about the same time, or possibly yesterday, you rec^d the account as I sent it by Saturday Morning mail. My letter will inform you of the reason why it was not sent, at least a few days sooner. And it should have been sent several days sooner if I had supposed there was any haste about it. Mr Swift in his letter did not mention any date before wh you wished it returned, or before wh it ought to be returned in time for the Court. I am sorry to have to infer from Mr Wilson's writing for you, that you eyes are still not in a state wh enables you to use them.

James Weaver should like to hear from you as soon as may be convenient. His address is 710 Market St. You will please use your own discretion as to accommodating him. I can only say, that if it will not incommode you, I shall be pleased if you will do so. Hoping soon to hear that your eyes are better I am,

Very Truly

Yrs
