July 10 '83.

My Dear Sir,

Yr [sic] favor of the 7th inst was not recd [sic] by me till to-day [sic], in consequence of my not being in town till to-day [sic] since the 6th. We are all now sojourning for a time at the Cassatt place, (Haverford College P.O) where you had better address, for the present, any letters you may have occasion to write to me.

On the day after E E Lane had been in Lancaster, he arrived at Mr C's from Phil^a, to get me to write after our names on the order we had signed, the word "Guardians"; as the Trust Co had refused to pay him the money until this was done. Of course I complied with his request, & I suppose he had no further difficulty about getting the money. He appeared to be very much pleased at receiving interest on interest. I return the authorisation [sic] of Mr [sic] Ancona to have the use of the Buchanan Scholarship &, with my signature. I take for granted from yr [sic] signature, that he is a proper & deserving person.

With thanks also for the check for \$23.50; this amount being the ½ of the semi-annual interest on Mrs [sic] Johnston's Trust Fund, I remain,

Very Truly

Yr friend,

E Y Buchanan

H B Swarr Esq.

The biography is not yet out; but I think it cannot be long before it will appear. Mr [sic] Curtis is now at Richfield Springs.
