

Mr. Swarr

Dear Sir

I send you a number of copies of the President's Kansas Message franked - please direct them to prominent leading Democrats of the County— who will use them effectively—I will despatch [sic] more for the same purpose as soon as the President has franked them.

Please mention to Col Stambaugh that I have sent them to you.

The necessity of the prompt circulation of this important statement of the facts in the Kansas question cannot be overestimated in view of the approaching County Convention.

Truly yours

J. Buchanan Henry
