Drs. S. S. & S. E. Strong [Letterhead]

Dearest Lulie,

I enclose you dear Ives [sic] letter to read, I think it is interesting & hopeful – when you read & show to Miss [?] & Willie – enclose it with my love to Mrs. Magruder.

I am better as the fever seems to have gone – pulse down to 75-80. I slept well & am getting a little appetite, but am still pretty weak – I sit about all day & keep out of bed.

Please tell Mrs. McC. that I have written to Horace Barber to send my small boat – mast over sails oil cans & ropes, etc. that were at Vanderberg, to him by Horicore – ask him to be on lookout & receive them. You can then use our own boat & if God willing I get back Monday or Tuesday she will be ready to use.

I got your first card same day. Tell me when you got my first sent at 7:30 P. M.

Your devoted husband

J Buck Henry
