

Stapleton, Aug 11th 1872

Dear Mr. Henry,

I received your letter Friday evening and hope you will not think I have delayed too long in giving you the answer you wished me to. It is so much easier, at least to me, to speak of feelings than write of them, that I will only tell you now, the happiness I feel in promising to be your wife, and trust I may be worthy of the love you offer me. I shall expect to see you before many weeks, if you have not changed your plans since leaving the Island and in the meantime hope I may hear from you.

Believe me ever yours,
Louisa Anderson
