

[no date, no salutation]

I have just received your kind note and must thank you exceedingly for the pains you have taken to recover my little package which I so, thoughtlessly, put on the Despatch [sic], on Tuesday morn July 12th at the corner of ninth [sic] & Locust Sts. I fear I have imposed too much on your generosity and if you think further examination is unnecessary do not stand upon ceremony with old friend.

We have given up on our trip to the Cape & we shall be most happy to see you at the Grove when your time will permit –

Very truly

Virginia Pleasonton
