Wheatland 5th November 1849.

My dear Sir/

Upon my return to this place, I received your favor of the 19th ultimo; & upon the principle, "better late than never," I now enclose you a letter for Mr. M'Grann. I met him to day in Lancaster & expressed a strong desire that you should obtain the place. I would ~~send~~ ^{send} the letter to him directly; but I know not where he is. He told me he would leave Lancaster to day & I think informed me where he was going, but I do not recollect the place.

Wishing you success in this & all other undertakings, I remain sincerely your friend.

W. William M. Wiley
