

Lancaster Dec 26. 1840

Dear Sir

I think you did not receive my
evening edition of letters on the 24. But
as you have parted me for pennell
square I will come - I will
lodge at Dorington the evening before -
You need make no provision for my
transportation - as I can doubtless
find means of conveyance there -
As I must leave in time to
reach Morgan's corner the evening
I hope you will allow me to be
advised early in the proceedings.

With great respect

Yours at service

Thos. Stans

W. Johnson
