

Sir

I have ~~advised~~ the gross sum in  
 State Money at Six — the Value of the two first  
 sums being more, but that of the latter and greater  
 sum being as that time at eight or more, not in  
 the least doubting as the settlement of the Account fully  
 allowed would be made me, conscious that my Time  
 and services would not be expected by the State in  
 this expensive City, and at so great a distance from  
 my Family for nothing —

I am Sir  
 Yours Affly Serv<sup>t</sup>

James Oglethorpe
