

Lancaster Pa

Dec. 17. 1870.

Gen. M. Steinman Esq.

Dear Sir,

By the enclosed card you will notice your premium falls due on the 28th inst.

The Company having made their fiscal year end with Dec. 31. it is desirable in order that the accounts may be closed and a dividend of surplus ascertained at the earliest moment possible that all premiums due in December be forwarded a few days before the close of the month.

As a member of the Company you will also naturally feel desirous that the annual statement shall show as small

a sum

for premiums unpaid as
possible. Write this view I
request that if not inconve-
nient you will pay your prem-
ium due December 29 a few
days earlier so that I may
transmit it to New York
before the close of the month

Very Respectfully
James Black
Secretary
