2 boxes 34 folders 1 cubic ft.

Repository: LancasterHistory (Organization); PV7

Shelving Location: Archives South, Side 10

Scope and Content Note: Series 1 contains invoices, arrest warrants, and tax collector books for the city of Lancaster. Invoices that were approved by the city council in 1878, 1883 and 1884 for payroll and supplies include road and bridge maintenance, water works, fire departments, clerk and inspection work, and costs incurred by the city during an outbreak of smallpox. Arrest warrants for 1918-1919 show names of defendant(s) and police officer, the charge, date, and case number. There are also tax collector records for 1860-1889, incomplete.

Series 2 contains documents regarding the market houses, waterworks, lamps, roads, railroad, and city ordinances. Petitions support a candidate for night watchman, seek to repeal an ordinance for hanging signs and regulations for public scales, and request a reward for the apprehension of a murderer. There is an 1815 naturalization certificate for James Williams and a resolution regarding a visit of Gen. Andrew Jackson.

Series 3 contains miscellaneous items related to the Borough of Lancaster (1742 to 1818) found in the Document Collection. Items include an act regulating the buildings and keeping in repair the streets, lanes, and alley of Lancaster, passed 14 January 1774; oaths of office sworn by various men from 1764 to 1769; and an extract of Lancaster Borough laws enacted 22 January 1774 reporting the regulations and fines of this borough.
