❖ PROSPECTUS. ❖

MR. HERMAN WOHLSEN.

NO better illustration of the building trade can be had in Lancaster than by reference to Mr. Herman Wohlsen, Contractor and Builder, whose office is located in Room No. 221, Woolworth Building. He is an able and experienced builder, fully conversant with every detail of the business. His facilities for carrying out and completing the largest contracts are unsurpassed. As an example of this fact, the illustrations on the adjoining pages will probably convey to the reader a clearer idea of the Builder's Art than any other method of expression which may be employed. He promptly

furnishes estimates to those intending to build, and spares neither time nor pains to fulfill the wishes and expectations of his patrons.

During Mr. Wohlsen's business career he has erected many important private and public structures in Lancaster and vicinity. Among these may be mentioned the Woolworth Building, Young Men's Christian Association Building, Strawberry Street Public School, new addition to Lancaster Cork Works, Residences of H. S. Williamson, J. R. Foster, Eugene Montgomery, Amos D. Ailes, William Wohlsen, H. P. Smith, H. L. Raub and numerous other fine buildings and residences. Mr. Wohlsen has now under way the Woolworth Roof Garden and alterations for The Union Trust Company Building, on East King street, and several other large contracts pending.

Mr. Wohlsen has permitted the insertion in this Booklet of a few advertisements of reputable firms---firms whose work, supplies, etc., he can conscientiously recommend. He has known them for a long time and vouches for their reliability.
