

# A Genealogy of Martin Shreiner, Clockmaker, and His Descendants

(An Appendix to: "Martin Shreiner: From Clocks to Fire Engines," Vol. 96 No. 1)

N.B.: What follows is by no means complete after the first two generations. It is hoped that readers who have descent from Martin Shreiner, Senior, but do not find their complete line included, or have corrections to be made, will forward that information to the Lancaster County Historical Society for insertion in the Shreiner family file. I thank the descendants who contributed to this genealogy, especially Arlan D. Siegrist (ADS), who has been assembling the many pieces of the entire Shreiner family from Hans Adam on downwards based on tombstones, courthouse archives and obituaries, and Judith L. Hagerty, who made much of the Philip Shreiner information available.
