

A LIST OF THE ORIGINAL LANCASTER SUBSCRIBERS TO THE CAPITAL STOCK OF THE PHILADELPHIA AND LANCASTER TURNPIKE.

When I wrote my article on "The First Long Turnpike in the United States," I was convinced that somewhere among the almost forgotten records of the State there must be a list of the Lancaster subscribers to the original company. I sought earnestly for it, but at that time in vain. I knew that a report had been made to the Governor of the State by the Commissioners appointed to take the subscriptions, and, therefore, even after the publication of that article, I continued the search. I directed the attention of the Custodian of the State Records to the Papers of the Governors, and suggested the probability that it might be found among them. A few days ago, in going over them for another purpose, he came across this return. He has sent me the original and I have made from it the appended copy. As I believe that it has historic value, I now present it to this society. It will be seen that set forth therein are the names of almost all the prominent men in the borough and county of Lancaster of that day. I think it should be printed among our records and thus preserved for the future. The copy has been carefully compared by me, and I believe it is correct.

A return of subscriptions to the turnpike road from Philadelphia to Lancaster, received in the borough of Lancaster on the 4th and 5th days of June A. D., 1792.
